EXPERIENCE

Jul 2021 **Unilever Future Leaders Program - R&D Management Trainee**
Present **Hindustan Unilever Limited**

I am currently working with Unilever India as a Management Trainee. The UFLP program exposes trainees to the massive breadth of functions within the company through short stints with different teams such as global design, cluster design, brand development, science & technology. The program lays a strong emphasis on innovating boldly and responsibly for the planet.

Nov 2020 **Product Design Intern**
May 2021 **Trell**

I worked with the Social and E-Commerce teams in a UX design role, adding new functionalities and features to the Trell mobile app and desktop websites. I used Figma and Adobe Illustrator to deliver low and high-fidelity prototypes, interfaces, and design assets that are currently a part of the Trell social media and e-commerce experiences. I also worked with the rebranding team to develop a new visual identity for Trell and redesign the desktop site from the ground up.

Jan 2020 **Delegate - Design Technology and Social Innovation Workshop**
Conference 2020
MIT Media Lab - India Initiative

Apr 2020 **Research & Development Intern - Digital R&D Team**
May 2020 **Hindustan Unilever Limited - Unilever Leadership Internship Program 2020**

I designed an interactive prototype for the Unilever R&D Launchpad which serves as a 1-stop-shop for all employee needs such as tool workflows, learning and collaborations (Shipped in 2021). I also prepared MS Power BI Dashboards for analysing the plastic usage in packaging across Unilever products at a global scale & visualising progress made towards sustainability goals.

May 2019 **Research Intern - Taiwan Education Exchange Program**
